## Pocket Inverter 175

DEPENDABLE AC + USB POWER FOR MOBILE DEVICES

The Duracell® Pocket Inverter 175 converts 12-volt DC battery power from a vehicle into up to 175 Watts of usable AC and USB electricity. This sleek, compact adapter includes a three-prong household AC outlet and a fast 2.1 Amp USB charge port, allowing you to operate and recharge a larger range of mobile devices. The Pocket Inverter 175 is powerful enough to handle higher-output electronics such as a TV/VCR combo or work light, and can simultaneously run and charge both an AC and USB device at once, including iPads/tablet PCs, laptops, netbooks, e-readers, smartphones and many other devices for ultimate charging convenience.

The Duracell® Pocket Inverter 175 is ideal for any purpose, from your mobile computing to recreational use. As one of the smallest inverters on the market, it stores easily in your laptop bag, vehicle console or glove box, and its advanced cooling technology ensures a perceived noise level that is up to 50% quieter than competitive products.

The ideal solution for any mobile office or recreational traveler!

### SPECIFICATIONS

SKU	DRINVP175
UPC	609525756425
Dimensions (L x W x H)	4.0 x 2.6 x 0.9 (in) 100 x 66 x 22 (mm)
Weight	9.6 oz. (0.27kg)
DC Input	10.5+/-0.3 to 15.5+/-0.5 Vdc, 12.8-13.2 Vdc (Nominal)
AC Output Voltage	105-125 Volts
AC Output Power	175 Watts (Peak), 130 Watts (Continuous)
USB Output Power	5 Volts / 2.1 Amps
Protections	DC under voltage, DC over voltage, output overload, short circuit, DC input reverse, over temperature.

Capable of charging many different products!

- iPads/Tablet computers
- Laptops/Netbooks
- Smartphones/iPhones
- iPods/MP3 players
- E-readers(Kindle & others)

### INCLUDED COMPONENTS

### FEATURES
